# Invitation

Ethiopian Community Association in the GTA and Surrounding Regions is highly motivated to improve its services to our society and tries to go to great lengths to please its clients. We believe that our strengths come from the unity amongst ourselves; we need to work together with utmost commitment and contribute whatever we can as individuals and as a group.

The Association invites everyone of Ethiopian origin who is not a member to come forward and become a member. It also encourages all members to participate in whatever activity and volunteer work.
